Licensing Surveys [More Info \(this link provides more information about the KDHE survey process\)](#)

| Survey Number | Date of Survey | Survey Reason | Result | Findings |
|---------------|----------------|----------------------|-------------------|---------------|
| 12-005555 | 01/20/2012 | Annual Survey | Complete | View Findings |
| 10-008888 | 08/17/2010 | To Verify Compliance | Complete | Not Available |
| 09-009999 | 08/11/2009 | Initial Survey | Needs Corrections | Not Available |

The *Licensing Surveys* and *Complaint Surveys* sections provide on-site survey information for the last three years. The first section includes initial, annual, and routine surveys. The Complaint Surveys section includes surveys conducted to investigate complaint allegations.

- **Survey number:** This is a number the system automatically assigns. It will be helpful to provide this number to KDHE if you would like more information about a survey.
- **Date of Survey:** The date displayed is the date the child care surveyor conducted the survey.
- **Survey Reason:** An initial survey is completed before a license is issued. All licensed facilities are surveyed annually and may receive additional surveys to verify compliance with regulations. With the exception of the initial survey, all surveys are unannounced.
- **Result:** *Complete* means no violations were cited OR violations cited were minor, corrected, or a corrective action plan was accepted. *Needs Corrections* means violations were cited, and the survey was reviewed by KDHE staff. A compliance survey may have been requested to verify compliance with violations cited.
- **Findings:** The *View Findings* link will provide the user with a list of violations cited and consultations provided at the time of the survey. The findings are listed by statute (KSA) or regulation (KAR) number. Consultations listed on the Notice of Survey Findings are not violations. Rather, they are health and safety related education and information provided by the licensing surveyor during the survey. *Not Available* means the survey was conducted on site using the paper-based survey process versus the automated survey. A copy of these findings may be requested from the Child Care Licensing Program.

Complaint Surveys

| Survey Number | Date of Survey | Survey Reason | Result | Findings |
|---------------|----------------|----------------------------|--------|---------------|
| 11-001477 | 02/17/2011 | To investigate a complaint | Needs | Not Available |

- **Complaint Surveys:** If a complaint survey has been conducted at the facility within the past three years, the same survey information detailed in the box above will be provided. If you see *No complaint survey records found*, there were no complaint surveys conducted in the recent past. For the entire licensing history, contact KDHE.
